STRATEGIC VISION AWARDS

IMPORTANT - TIMED

04.02.2013, Istanbul

SUBJECT: 7. TASAM Strategic Vision Awards

.....
.....

Turkish Asian Center for Strategic Studies (TASAM), which has started its operations as an impartial and independent think tank and legally institutionalized NGO about ten years ago, has now become an **international brand/instrument** having been institutionalized its activities through deep penetration in specific circles and collaboration and the academic capacity it has built. **TASAM** focuses its studies on **Africa, Asia, Europe** and **Latin America-Caribbean** and **North America** at continental level; **Balkans, Middle East, Black Sea-Caucasus** and **Mediterranean** at regional level. The studies of **TASAM** include the **Turkic** and **Islamic worlds** on the basis of identity. In this process, evaluating its emerging global and multidimensional experiences in case of Turkey, **TASAM** provides multidimensional strategic gains as it has commenced historical initiatives such as **Turkey's Strategic Vision 2023 Project** under the auspices of Presidency of Republic of Turkey.

The "seventh" **TASAM Strategic Vision Awards** will be given to honour of the **bureaucrats, scientists, institutions, businessmen, artists, politicians** and **journalist-writers** who contribute the rise of **Turkey** on its respectable position at global and regional level on the basis of power and justice by sharing our countries Strategic Vision and made serious efforts to move Turkey on the level of contemporary civilization. **TASAM Strategic Vision Awards** are not given for yearly basis criteria; rather the criteria are based on the line of long service life. Within these criteria, we also give the awards to successful names, statesmen and institutions abroad, which we believe they gained the appreciation of our nation on the basis of friendship and cooperation with Turkey.

In this context, I would request your confirmation for arrival to 7th **TASAM Strategic Vision Awards** Ceremony until the date of 08.02.2013. Regards

Süleyman ŞENSOY
Chairman of **TASAM**
